PERSONAL PROFILE

A fresh-graduate student, with a background in web development, seeking to fill a position at your organization in the Information Technology Department. I'm extremely motivated and constantly develop my skills and grow professionally.

SENIOR PROJECT

E-Flea Market
Yanbu University College | Nov 2019

- Built a Website called E-Flea Market , in which Students could sell or Buy everything that's useful for any other Student inside the Campus. Graduated Student could sell their Books, Notes and Furniture, and Freshmen could buy those stuff at a reasonable price.

Technology Used

- PHP , JavaScript , Bootstrap , CSS , HTML
